IMO signs and safety marking for ships

We supply the full range of safety signs for ships, offshore units and terminals: means of escape, lifesaving, fire-fighting equipment, warning, prohibition and mandatory signs, fire control plan symbols, tie tags and manuals. Signs comply with IMO Res. A.1116(30), ISO 24409 and ISO 7010; fire control plan symbols with IMO Res. A.952(23) and A.654(16).

Materials: rigid photoluminescent plate 1.5 mm (MED approved), photoluminescent PVC plate 1.2 mm, photoluminescent foil 0.3 mm, white PVC plate 1.0 mm and self-adhesive vinyl foil 0.05 mm. Standard sizes from 150×150 mm, others on request. Every sign carries IMPA and ISSA codes – please quote them in your enquiry.
