Large trolley bag w/ telescopic handle – EMG 4772 (5572)

A hidable telescopic handle has been implemented to ease handling and use.

- The straps and handles are made from high quality polyester webbing.
- It has two wheels on the bottom of the bag giving it a trolley function.
- The wheels are made of heavy duty plastic. The zippers are extra heavy.
- The bag has two handles mounted on the side and one on the top of the bag to ease handling.
- The side of the bag has reflection material mounted for higher visibility.
- A hard plate is placed inside the bottom.
- The bottom of the bag has diamond feet to protect and prolong the life of the bag
- The inside of the bag contains one large main compartment and a smaller pocket on the outside of the lid.
- The main compartment has strong mesh pockets placed all around the inner walls.
- A transparent plastic pocket is placed on the inner side of the lid.
- A small transparent pocket is placed on the side of the bag.
