Medium square lifting bag – EMG 2619

A dual velcro closing device makes the bag easy and secure to close.

- This bag has flat handles on the sides for easy handling.
- A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
- The solid bottom is made of hard plastic to keep the bag in shape and prolong the lifespan of the bag.
- The bottom is replaceable and can easily be replaced if needed.
- A hard plastic plate is placed inside the bag to offer weight distribution.
