Medium square lifting bag – EMG 3610

A dual velcro closing device makes the bag easy and secure to close.

- A solid plastic plate is placed inside the bottom of the bag for stability and optimal weight distrubution.
- A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
- The bag has tube handles mounted on the sides to ease handling.
- Hard bottom plastic cover to keep the bag in shape and extend the lifespan.
- The cover is replaceable and can easily be replaced if needed.
