HERO Grab Bag

HERO Grab Bag is a waterproof survival bag that completes the equipment of offshore liferafts with drinking water, food and additional survival gear. The bag versions comply with ISO 9650-1 for sailing more than 60 miles from shore and waiting for rescue longer than 24 hours. Approval and quality control are provided by the RINA classification society.

- PVC fabric bag, floating
- Highly resistant to abrasion, moisture and water
- Cylindrical shape with a flat bottom for better stability
- Waterproof clip closure – once closed, the clip becomes the carrying handle
- Contents depend on the version (ISO 9650-1 +24 h and versions for French, Spanish and Italian requirements) – including drinking water, food rations, first aid kit, thermal blankets, pyrotechnic signals and fishing kit
