HERO OFFSHORE INTERNATIONAL ISO liferaft

HERO OFFSHORE INTERNATIONAL is an ISO 9650-1 liferaft for offshore sailing and long passages – required when sailing more than 60 miles from a shelter. Designed to be safe, light and compact, it offers stability and protection in severe open-sea conditions. A large entrance and a self-deploying canopy make boarding and rescue easy. Together with the HERO Grab Bag the equipment covers more than 24 hours waiting for rescue.

- Capacity: 4–16 persons (container) or 4–8 persons (valise)
- Fast deployment, automatic canopy, boarding ladder and XXL boarding ramp
- Three independent buoyancy tubes, thermally insulated floor, anti-drift ballast pockets
- High-visibility yellow canopy, internal and external LED lights, SOLAS retro-reflective tapes
- Inflation from -15°C to +65°C
- Vacuum packed – in a container or valise
- 12-year warranty, 3-year inspection interval
