HERO OPEN reversible liferaft

HERO OPEN is an open, fully reversible liferaft designed mainly for commercial and passenger vessels operating in coastal and inland waters. It deploys quickly, is easy to board, can be used on either side and keeps a large number of people safe until rescue arrives.

- Capacity: 6 to 152 persons
- Packing: round or low-profile container
- Emergency pack in accordance with the HSC Code (High-Speed Craft)
- MED approved by DNV GL for the HSC category
- Meets the latest IMO/SOLAS requirements, the LSA Code and MED Directive 96/98/EC
