HERO Single Tube liferaft platform

HERO Single Tube is a compact liferaft platform for small boats in coastal sailing – simple, safe and space-saving. A smart choice also where a liferaft is not required by regulation but the owner wants to improve safety on board.

- One universal model for 4 and 6 persons
- Hexagonal shape with a single buoyancy tube and reinforced corners
- Fluorescent yellow/green TPU fabric with fully welded seams
- Packed dimensions: 490 × 340 × 150 mm, weight: 10 kg
- Included: floating knife, sea anchor with line, bailer, manual inflator, towing patch, painter line, owner’s manual
- Inspection every 3 years at an authorised HERO service station
