Round lifting bag – Large – EMG 64140

This model now has a hard bottom cover to protect and prolong the life of the bag. The cover is made from Polypropylene Log Plastic and can be replaced if needed.

- The lifting straps are made of high quality, double plain polyester.
- The handles are mounted on the side to ease handling.
- A round bottom plate is placed inside the bag to keep the bag in shape and to offer solid weight distribution. The plate is 15 mm plywood.
- A 220 Liter plastic barrel can be bought as an ideal insert.
