ADMIRALTY Standard Nautical Charts (SNCs) are the world’s most trusted and widely used official paper charts. The range includes comprehensive paper coverage of commercial shipping routes, ports and harbours to help bridge crews safely navigate in accordance with SOLAS regulations.

- Over 3,500 ADMIRALTY charts with coverage appropriate for navigation of deep sea, coastal passages, port approaches and harbour berthing.
- A range of scales to provide appropriate levels of detail and increase situational awareness, including: Large-scale charts for main ports and harbours, medium scale charts for coastal navigation and small-scale charts for offshore navigation.
- Weekly updates and new editions to help maintain high levels of accuracy, safety and compliance. Charts also include ADMIRALTY QR codes for quick access to a list of all Notices to Mariners (NMs) that affect the specific chart or publication.
