Wound Care Dispenser Blue CEDERROTH

Cederroth Wound Care Dispenser Blue. Everything you should need to deal with minor wounds in a practical dispenser. Contains Soft Foam Bandage Blue, a self-adherent, adhesive-

free plaster that stays in place even in water. The dispenser also contains wound wipes and a larger number of plasters in different sizes. The Wound Care Dispenser is a smart complement to a First Aid Station and can be located close to where there’s a risk of suffering cuts. A protective dust cover keeps the contents clean and the dispenser is refilled using the refill key supplied.
