Big square lifting bag – EMG 4487

As part of the bag comes a foldable upright plastic insert to keep the walls of the bag in shape. The plates for this function are placed inside the bag.

- This model is equipped with a dual velcro closing method.
- This bag has handles on the sides for easy handling.
- The lifting straps are made from high quality polyester webbing.
- The hard bottom is made of hard plastic to keep the bag in shape and extend the lifespan of the bag.
- The bottom is replaceable and can easily be replaced if needed.
