Cylinder-shaped lifting bag w/ backpack option – EMG 2787

Model 2787 has handles mounted on the side to ease handling.

- The bag comes with attachable/detachable shoulder straps. The shoulder straps are adjustable to fit your preferences.
- A small pocket for radio/phone or similar is placed on the outside of the bag.
- A large see-through pocket for A4-sized paper is placed on the outside of the bag.
- This bag comes with an insert of hard plastic for making the bag stable, upright and give more light inside the bag.
- The hard bottom is made out of hard PEHD plastic to keep the bag in shape and prolong the lifetime of the bag.
- The strong lifting straps are made from high quality polyester webbing.
- The bottom is replaceable and can easily be replaced if needed.
