Extra tall pallet bag – EMG 4165

NOTE: This bag has strong polyester lifting slings, approved for use in the US.

- It is possible to attach a pallet underneath the bag, by guiding polyamide ribbons underneath the bag and pallet and through stainless steel buckles.
- Stainless steel buckles are used to tighten and strengthen the walls of the bag.
- The lid is closed by velcro and 50mm plastic buckles around the sides of the bag.
- The front of the bag can be opened, folded and used as a ”gate” making it easier to fill the bag and making it possible to place an entire pallet inside using a fork lift.
- A plastic tube is placed inside the top of the ”gate” for rolling the fabric.
- The front opens by zippers on each side.
- Has a removable velcro patch for easy logo printing and a transparent pocket for A4-documentation.
- The bottom cover is detachable and can be replaced, if needed.

Technical data

- **WLL:** 1000 kg
- **Volume:** 1900 L
- **Weight:** 51 kg
- **Special feature(s):** Water repellent
- **Dimensions (open):** 130 x 90 x 165 cm (L x W x H)
- **Dimensions (closed):** 130 x 90 x 165 cm (L x W x H)
- **Lifting height:** 270 cm
- **Main material:** Tarpaulin 0.75 mm
- **Bottom cover:** Acrylonitrile Butadiene Styrene (ABS) Plastic

- **Slings / Ribbon:** 50 mm Polyester
- **Buckles:** Stainless steel, 50 mm plastic
