Industry mini tool lifting bag – EMG 2651

This handy mini tool bag has one lifting strap for hoisting and handling.

- It has securing holes to secure tools to the bag on both the front and back side.
- Comes with a hard plastic bottom plate inside the bag to offer weight distribution.
- Comes with an upright plastic insert for easier visibility inside and making the bag stable and upright.
- The upright plastic has small pockets for minor items placed all around the bag.
- To close the bag, fold the top part three times and shut the plastic buckle.
- The lifting strap is made from high quality polyester webbing.
