Large cylinder-shaped tool bag – EMG 4897

This model uses two lifting hooks when hoisting.

- The lifting straps are made from high quality polyester webbing.
- The bag has handles mounted on the side to ease handling. Three handles in total around the bag.
- The hard bottom is made of hard PEHD plastic to keep the bag in shape and prolong the life of the bag and can easily be replaced, if needed. The cover is attached by velcro.
- The hard bottom cover is secured by velcro straps to ensure it wont fall off.
- This bag can be mounted with an additional insert of hard plastic for making the bag stable, upright and give more light inside the bag.
