Lifting backpack w/ hard cover – EMG 4390

The backpack is made from heavy tarpaulin and is therefore water repellent against rain and water spray.

- The shoulder straps are detachable and the bag has a compartment for hiding and securing the detached shoulder straps when hoisting.
- The bag comes with 3 carabiners to prevent the zippers from opening during hoisting.
- A small transparent pocket is placed on the side of the back via velcro. (for name tags or similar)
- Reflection material is mounted on different locations of the bag for higher visibility.
- The three main compartments are padded.
- 11 smaller compartments of various sizes optimizes the inside of the bag.
- It has a special compartment for a laptop.
- The shoulder straps are padded to enhance comfort and adjustable to fit your preferences.
- The lifting strap is made from high quality polyester webbing.
- The bottom of this bag is made from molded PE and offers greater protection against rough surfaces and gives the bag a natural ability to stand up straight.
