Small tote bag w/ dual lifting option – EMG 2534

This bag has two sets of lifting straps. A short and a long set.

- Reflection material is mounted on the front and back for higher visibility.
- This bag has a dual velcro closing mechanism.
- A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
- The bottom of the bag is made from a heavy rubber coating (dotted PVC) to extend the lifespan of the bag.
- A hard plate is placed inside the bottom of the bag to offer weight distribution.
